

INSTALL CONFIDENCE

**SUNLINE™ SERIES
SINGLE-PACKAGED ROOFTOPS**

SUNLINE™ SERIES 3-6 TONS

SMARTER TECHNOLOGY FOR BETTER PERFORMANCE.

For more than 140 years, YORK® commercial systems have provided heating and cooling solutions for some of the world's most demanding applications. Today, smart YORK® Sunline™ Series packaged units deliver the simplicity and performance that give you a competitive advantage on practically every rooftop project.

SUNLINE™ SERIES SINGLE-PACKAGED ROOFTOPS 3-6 TONS

The YORK® Sunline™ Series combines efficiency and advanced economizer controls with unprecedented installation flexibility and low installed costs, providing a great solution for commercial-building applications.

- Smart Equipment ensures easier installation, startup and troubleshooting versus electromechanical controls
- Common, compact design fits in a single footprint
- Complete line of field-installed accessories

GET THE ADVANTAGES OF ADVANCED FEATURES

Durable, efficient MicroChannel coil

The all-aluminum MicroChannel condenser coil provides outstanding efficiency and reliability, thanks to an advanced coil design (MicroChannel coils only apply to air conditioning models).

Reliable operation

The compressor is internally protected against high pressure and temperature to ensure dependable performance in tough conditions.

Greater durability

Durable finish using powder-painted, galvanized steel meets 750-hour salt-spray test demands as an assurance of a long-lasting, corrosion-resistant cabinet.

Limited maintenance

For years of trouble-free service, the condenser and evaporator fan motor bearings are permanently lubricated to ensure reliable performance.

Solid foundation

Installation goes smoothly and easily thanks to full-perimeter base rails that are permanently attached to the unit to save time and materials.

Outstanding warranty

With more than a century of innovation behind our name, you can depend on YORK® for year-round comfort and long-lasting durability. Built for years of trouble-free service and reliable operation, Sunline™ systems are backed by warranties you can count on.

Put performance in the palm of your hand.

With Smart Equipment, all alarm and diagnostic data can be transmitted directly to an on-site PC or over a local Wi-Fi® connection – you can even monitor the system over the Internet using a web browser.

- Thermostat ready – no configuration required
- Wi-Fi® and Ethernet communications via optional Mobile Access Portal (MAP) Gateway
- Onboard LCD
- Plug and play feature additions in the field

- Auto-configuration
- Factory-configured and tested – no field programming required
- Self-test diagnostic startup report
- Data logging to removable memory (USB)
- Multi-protocol capability

- SMART Device tools (MAP Gateway)
- Fault “messages” instead of fault “codes”
- BTL certified

www.GetSmartEquipment.com

The Configurable Building Controls System for Light Commercial Buildings.

Quickly integrate YORK® Sunline™ Series single-packaged rooftop units and controls with Verasys®—the first plug-and-play controls system that lets you configure a vast array of controls without tools or engineering, for one building or an entire enterprise.

PLUG & PLAY

- Easy installation with a turnkey solution
- Auto-discovery of Smart Equipment
- Pre-programmed and ready for field configuration
- Bundled solution of equipment and controls for a complete HVACR system

EQUIPMENT & CONTROLS

- Easy-to-use controls optimize HVACR equipment and maximize savings
- Fully scalable to support single- and multi-zone applications
- Connects over 100 single-zone rooftop units
- BACnet®-based and open to other systems and equipment

REMOTE CONNECTIVITY

- Mobile access over a secure internet connection – anytime, anywhere
- Fault detection and diagnostics deliver alarm notifications via email or text
- User-friendly graphics provide easy access to critical facility information anywhere, minimizing the risk of unplanned downtime and costly repairs

Quality is something we take personally.

We design, engineer and assemble YORK® Sunline™ Series single-packaged rooftop units in the United States, where we can closely monitor and improve processes that directly affect quality. It's this commitment to excellence that allows us to offer outstanding warranties, meet the highest industry standards and deliver energy-saving comfort that lasts.

Limited Warranties

ZE gas/electric models: 10-year Heat Exchanger Limited Warranty, 5-year Compressor Limited Warranty, 1-year Parts Limited Warranty
 XN Heat Pump Rooftop Packaged Units: 5-Year Compressor Limited Warranty, 1-year Parts Limited Warranty
